

A detailed technical cross-section drawing of a mechanical assembly, likely a pump or valve mechanism. The drawing shows a central shaft (11) passing through a housing (1). The shaft is supported by bearings (17, 18, 19, 20) and has a central component (16) mounted on it. A piston or plunger (10) is shown in a cylinder (10'), with a return spring (13) and a check valve (15) in the return line. A control lever (4) is connected to a control rod (23) which actuates a control valve (24). The assembly is shown in a cross-section with hatching indicating different materials. Various components are labeled with numbers: 1, 2, 3, 4, 10, 10', 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24.
